About This Game

Description

Elendia Ceus is an epic RPG developed by Aldorlea Games (Asguard, Moonchild, The Book of Legends etc.) and featuring about 20-30 hours of playtime as well as a large cast of enemy bosses.

Storyline

What lies beneath the skies?

This is a question nobody in the cloud world of Elendia wants answered - nobody but one man, LaCaster, who lost his wife as she passed to the other side.

And because the prophecies say Elendia will collapse if a breach is made through to the other world, you have to stop LaCaster from trying to revive his wife. But he is a general of the Kingdom and you are only a pirate. He has the power and you are barely legal. In such impossible adversity, do you have what it takes to stop the imminent disaster from happening?

Features

- Visible encounters
- Mouse control
- 3 modes of difficulty
- 20-30+ Hours of epic and rich gameplay
- Choose whether your characters are "astrology-aligned" for more depth and strategy
- 50+ secret rooms to discover (and even mega secret rooms!)
- 6 Relics, 8 Artifacts, 7 Legends, 4 Dragons etc.
- Colyseum with 3 Leagues for you to test your skills
- Great-looking enemies, beautiful environments and charming music
